PROFESSIONAL SUMMARY

Full-stack Developer with over 2 years of experience in Angular, Node.js, and third-party integrations, specializing in building scalable web applications and leading cross-functional teams.

EXPERIENCE

EzyInn Technologies Pvt. Ltd. (Simulas)

Product Lead (Onsite)

Jan 2023 – Present

- Led the successful integration of third-party systems (Channex, STAAH) with the Property Management System (PMS), improving reservation handling efficiency by 25%.
- Spearheaded the development of a chatbox feature, enhancing user engagement by 20%.
- Managed project timelines, resource allocation, and optimization strategies to enhance system reliability and scalability

Full-stack Developer (Onsite)

Sep 2022 - Dec 2022

- Integrated Stripe and Shift4 payment gateways for subscription models and iframe payment methods, ensuring secure transactions.
- Optimized system performance and fixed bugs, resulting in a 15% increase in application speed.
- Developed and deployed REST APIs for multiple project functionalities, collaborating closely with the development team.

Trainee Frontend Intern (Remote)

May 2022 – Aug 2022

- Developed subscription dashboards and migration screens using Angular, following best practices in responsive design.
- Engaged in self-directed learning to enhance proficiency in HTML5, CSS3, JavaScript, and TypeScript.

PROJECTS

- **Hotelpro - Property Management System (Angular, Node, MongoDB, HTML, CSS)** : A platform for managing OTA reservations and hotel tasks such as housekeeping, reservations, and daily operations. Implemented automated task management, real-time alerts, and performance optimization to streamline hotel operations.
- **TradeDesk - Import/Export & Invoice Management Software (Angular, Electron.js, SQLite, Angular Material)** : An offline desktop application designed for managing import/export operations, generating invoices, and handling trade-related documentation. Features include offline data storage, automated invoice generation, PDF/Excel/Word export, and a user-friendly UI with Angular Material.

SKILLS SUMMARY

- **Frontend:** HTML/CSS, Angular, Typescript, JavaScript, Bootstrap, ReactJS
- **Backend:** Node.js, Express, Python
- **Databases:** MongoDB, Firebase
- **Frameworks/Tools:** Postman, Git
